1. Participation in Tutoring

By enrolling, you confirm your agreement for your child to participate in the tutoring program and its associated activities.

2. Publication of Results

You agree that Gateway Tutoring may publish students' academic results to highlight their progress and achievements. This may include improvements observed during their time with Gateway Tutoring or results from tests such as NAPLAN or the HSC. Unless you provide additional consent, only the student's first name and results will be published. No other personally identifiable information will be disclosed without your explicit approval.

3. Privacy

We respect your privacy. Your personal information will only be used for purposes directly related to the provision of our tutoring services and will not be shared without your consent.

4. Online Classes

We offer remote tutoring sessions via secure online platforms. By enrolling in an online class, you consent to your child's participation in these sessions with our tutors.

5. Surveillance Monitoring

To ensure a safe and secure environment for students and staff, our learning centres are equipped with surveillance cameras. All areas of the centres, including staff-only spaces, are monitored during operating hours. Surveillance footage will be used primarily to investigate student safety concerns. By enrolling your child in Gateway Tutoring, you acknowledge and consent to the use of surveillance monitoring for safety purposes.

Your enrolment constitutes agreement to these terms on behalf of yourself and your child.
